

### **Scheduling Season Winter2020 Slots – DOH (Hamad International Airport)**

With reference to the W20 Scheduling Season, Qatar Slot Coordination have thoroughly consulted with Hamad International Airport and the respective stakeholders on the waiver for W20 and the decision taken is to support the waiver for W20 Scheduling Season and protect the operators priorities as of W19 scheduling season with the following conditions:

- The Waiver will not apply to the approved schedules/slots newly allocated from the pool for W20 season.
- The waiver will not apply to the approved schedules/slots that are held by an airline exiting the airport permanently, beginning in W20, with no intention to return and no utilization of those slots in W20.
- The waiver should require airlines to hand back approved schedules/slots not intended for utilization as soon as possible, but at the latest two weeks prior to the planned operation in order to receive alleviation. Airlines should not hold on to approved schedules/slots they will not utilize but return them to the coordinator at the earliest opportunity for reallocation.
